ISSUE NO 2 | AUGUST 2023 VOLUME 1

HEADING FOR THE RIGHT FINISH...

Partnering with our families and providing an effective ministry to our children of all ages is not just about helping them get through the challenges they'll face in childhood, and adolescence. Our ultimate goal needs to always be reaching, equipping and demonstrating Christ-consciousness. The Way of the Heart! It's this foundation of faith that will best enable them to navigate through the inevitable challenges of life.

Helping our children *LOVE* more deeply happens best when parents are empowered to be the primary ones equipping their children on their faith journeys.

Between meal-times, car journeys, vacations, school events, and hang-out times, imagine how many more hours the average adult has compared to that. Imagine how many more teachable moments that provides families.

KEEPING A STRAIGHT LINE...

Our children in Youth & Family Ministry get plugged in and are vitally apart of our vibrant ministry!

What a joy to my ears to hear a child tell me how they served, how helpful they wer and how love captured their hearts because of what they heard and experienced in our weekly lessons.

We commit to stand alongside our families as we discover the journey together. We are so very grateful!

1 Corinthians 13:13
New Living Translation (NLT)

Three things will last forever—faith, hope, and love—and the greatest of these is love.

One step at a time together makes a huge difference in tomorrow!
